DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 7-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 7: "both lateral walls" is ambiguous since the wall is cylindrical. Also, "two" passage holes are recited for "a" retaining cord which is also ambiguous. In claim 11, there is no antecedent basis for two ("both") ends of spring. In claim 12, the embodiment recited has structure that is not present in the embodiment recited in independent claim 7.

Claim Rejections - 35 USC § 102

Claims 7-11 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Liao.

See box 1 having a "step-wise engaging seat", spring 4, movable member 3, button 5, cover 2, rod 10 having "level facets" in, or on top of the walls adjacent to, the slits 131, passage holes 22, "recoiling grooves" 321, central hole 30, hook 331, blocks 311 that have the tapered portions and abutting facets, plates 52 and through hole 21.

Response to Arguments

Applicant's arguments filed 2/27/06 have been fully considered but they are not persuasive. Regarding Liao, the "recoiling grooves" recited have no specific structure relating them to the cords, etc., and therefore are easily met as proposed above. The tapered blocks and abutting blocks are clearly shown by Liao as proposed above. The

recitation of the embodiment of Figs. 8 and 9 in claim 12 is ambiguous since it recites structure that cannot be used with the structure of claim 7.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
